9:33 PM **Catalina**: hi
9:34 PM **me**: yo yo
what happenin' yo dawg?
Catalina: nothing
just got done running
i am so tired
9:35 PM **me**: so you stayed up all night, went running, and then went to work?
wait, you at work now?
Catalina: yes
i went to work then went home then came back to run
me: how odd
Catalina: why?
9:36 PM **me**: very resilient
I ate candy bars and drank soda
Catalina: how was your day?
me: woke up at 5, took care of various little e-mails and things of that nature
smoked remaining crack
about to get bottle of vodka and drink that
9:37 PM **Catalina**: sounds nice
9:38 PM **me**: apparently need to plan lecture for tuesday
Catalina: oh, thats right
me: shouldn't take much time, I'm saturated with the subject matter
thinking perhaps I could get other lecture gigs
in exchange for monies
9:39 PM why are you still at work?
9:40 PM **Catalina**: I just came to run
i am going over to larrys tonight
i just want to sleeo really
sleep
me: that makes more sense
9:41 PM what are you guys doing? drinking and carrying on?
9:42 PM **Catalina**: yes, probably drinking and making up drinking games
when i hang out with larry i revert back to being 7 years old
9:43 PM we play drinking hangman and 20 questions and stupid crap like that and somehow its actually fun and funny
9:46 PM **me**: I would think so, that sounds moderately wholesome
9:47 PM **Catalina**: what are you doing tonight besides drinkin a bottle of vodka?

9:48 PM **me**: nothing much, might do a little work, or not
I like to sit around and get drunk and plan

9:50 PM brb, obtaining vodka

7 minutes

9:58 PM **Catalina**: ok leaving now
bye
